- The working day for delivery and withdrawal effects are Monday through Friday, from 8 AM to 6 PM. without prejudice foregoing, any truck to enter to the place of withdrawal after 17:30 will be delivered the next day (including for this purpose on Saturday).
- The withdrawal must be coordinated at least 24 hours before, without prejudice foregoing, the fact of having made the appropriate coordination doesn't establish priority in respect of the clearance process being this process "by order of arrival", being established at the same time, that no bidder or buyer is guaranteed the number of trucks ready for delivery in a certain day.
- Due to the different volumes, densities and characteristics of the goods that are auctioned, the bidder or buyer aren't assure about the exact tonnage to load by truck, without prejudice of that, always the efficient of load will be prioritized according the safety measures, truck conditions (Hopper).
- All goods will be delivered and must be removed in their respective holding means, packaging (straps, pallets, boxes, bags, maxi bags, etc.) Except when the contrary will be indicated.

l. Special Considerations: For the following goods should consider some specific issues:

- **Iron Scrap:** withdrawal deadline may be extended up to 45 working days

Trucks for withdrawal should consider the following:

-Handrail Height: 1mt. reinforced in their parapets and railing back, holding the load using straps.

-Maximum Load: 25000 kilograms per truck.

- **Cat 3524 Engines:** Bases or metallic structural in which they are currently supported are not considered in delivering.
- **Full Yard with Light Iron Scrap:** It corresponds at Yard N° 5, which is clearly delimited. The buyer of this lot is bound to remove all the items found in this yard, previous payment of a guarantee for its withdrawal of \$2.000.000 (Chilean Pesos), by wire transfer, cash or certified money order, deposited on the accounts mentioned on Item Ninth, letter "C".
